The goal of the class is to improve students' Chinese vocabulary and help them get started with reading Chinese story books.

EDP2+阅读提高班适用于完成 EDP2 和 / 或一年级的学生。最好是母语为中文的学生。全中文授课。采用四五快读第二册教材, 配合美洲华语和其他阅读材料, 采用字词游戏 ppt 和多种网上资源进行教学, 目的是扩大学生词汇量, 培养学生独立中文阅读的能力。

### Objectives (教学目标):

In addition to the words we have learned from Chinese Paradise 1-3, as well as Si-Wu-Kuai-Du book 1, after finishing this program, the students will learn additional 32 new characters in book 2 and about 50 more characters in the first half of book 3. The overall vocabulary will be around 300-400 and the students can start to read some easy Chinese books. 学习完成后, 加上已经学过的词汇, 学生能达到 300-400 词汇量, 从而可以开始阅读一些简单的中文图书。

### Teaching Methods (教学方法):

All lessons are online using Zoom. I will use all sorts of digital and online resources to deliver lesson content, including but not limited to: Powerpoint, Google slides, Google forms, edulines.org, YouTube, edpuzzle, Kahoot, etc. 网课并辅助以各种网络资源。

### Student/Parent Responsibilities (学生, 家长责任义务):

Students should be well prepared for the lesson each week. Pay attention in class and be actively involved in the class activities. All students have to turn in assignments each week. Awards (stamps for each week and badges every 4 weeks) will be given to students in different categories, such as class performance, assignments, and pronunciation, etc.

Parents are responsible for providing students a quiet and comfortable learning environment for the students during the class time. Parents also need to provide hardware and to download software and/or apps for the online class. They also need to monitor the students' online behavior properly and give TBCS consent to have their students join the school's Zoom account and/or other online accounts to facilitate their learning experience.

学生要做作业, 上课积极回答问题。家长要提供给学生一个安静的学习环境和学习设备, 督促学生完成每周的作业。

A computer or iPad/smart phone that can connect internet is required for the class. It is better to have two devices available, for example, one computer and one smart phone.
